SHORT DESCRIPTION OF STORY IDEA, THEME, KEY INTERSECTIONAL INFORMATION; Other tellers will contact you if what you put here resonates with them, their experiences, and their story idea(s)

I have two stories, one on Black History, or lack thereof in our education system, and the other on white privilege. I am now retired but worked in the education bureaucracy at the state level for 25 years. Was involved on the Black History Planning Committee for 15 years where I became educated about and sensitized the concepts of institutional racism and White privilege.
